Fair Bathers Catch Eyes Of Onlookers At Charleroi

The stockingless bathing girl has arrived at the Charleroi beach, and worst, (or best of all) she is a Monessen girl. For some time it has been a question in the minds of the authorities at Atlantic City whether or not milady should appear on the beach with her shapely limbs exposed to the knee, and in some instances just a little higher but fortunately when one girl bolder than the others, took the lead and walked down the beach, the authorities forgot all official dignity and their failure to remonstrate, led others to follow, and soon the beach was swarmed by girls without stockings as a part of their bathing suit.

Along the Allegheny river a crowd of girls attempted the new stunt and were given a lot of undue notoriety, simply because some foolhary person had started a report that the District Attorney of Westmoreland county had raised an objection and would put a stop to the practice. The District Attorney, however, was quick to deny any such statement and the water nymps appear minus stockings and sandals, which according to some, not only add to their charms, but allow them more freedom in swimming and diving.

Last week a crowd of Monessen girls, who have been making a weekly practice of visiting the Charleroi beach, decided that if the District Attorney of our county approved of the girls appearing without stockings, it certainly must be correct and the majority of them appeared minus that part of their costume

The Charleroi girls, owing to the fact, probably, that it is a little nearer home, are rather slow in appearing in the abbreviated costume and Sunday afternoon, with a large audience and a very few bathers, one lone girl appeared stockingless and braved the gaze of the crowd without a blush.

Wholesale Arrests

Armed with half a dozen warrants from the office of Squire Bell of Belle Vernon, Constable A. J. Smith of Monessen left on an early train this morning for Bolivar to serve warrants on eight or ten men on a charge of illegal liquor selling. One of the defendants is a physician residing at Bolivar and the others are supposed to have been engaged in the retail dispensing of liquors.

Circus Wednesday

Coming in all its entirety, all new and incomparably better than ever before, the Jones Bros.' big, new, giant threefold circus combined in one, will exhibit in Monessen on Wednesday August 18.

The Jones Bros. have won a reputation for presenting with their unrivaled show, the finest specimens of horseflesh that the whole world affords. All lovers of good horses will delight in viewing their hundreds of thoroughbred beauties; the value of thes glossy satin coated equine wonders cannot be fully estimated, as it has taken vast sums of money and exhaustive research to secure these perfect specimens. The horse tents are open daily for public inspection, and people come from far and wide to view this priceless collection. In the big three rings under the big top will be seen dashing kings and queens of equestrians whose reputation for feats of daring extend over two hemispheres; fearless lady and gentlemen bareback riders, high school and posing horses, high jumpers, unique acts by champion aerialists, gymnasts, acribats, jugglers and hundreds of diversified attractions. Extraordinary novelties are furnished by beautiful dancing girls, fresh from their Parisian triumphs.

The wild animals are always one of the big features with the Jones Bros. shows and this season they have added to their already large collection of elephants, camels, lions, tigers, leopards grizzly bears; more performing beasts of different species are presented than ever before.

Remember that the big free parade starts promptly at ten o'clock rain or shine.

Sudden Death Of Local Lady

Saturday afternoon at 1 o'clock occurred the death of Mrs. Jennie B. Stephens, wife of Louis Stephens, in the 55th year of her age.

The passing of Mrs. Stephens was rather sudden and unexpected, and is a great shock to the community and the large circle of friends of the family throughout this entire community.

Her illness was of short duration. Five weeks ago physicians discovered that an operation was necessary to relieve mental and physical distress, and she submitted and went to the St. Johns hospital, Pittsburgh, where it was believed the operation was successfully performed with the result that indications pointed to a speedy and permanent recovery.

She remained at the hospital three weeks and was then brought to Monessen to the home of her son, W. R. Stephens, 623 McKee avenue, and she had so far recovered as to be able to be about. A few days ago, however, complications set in and her condition at once became alarming. Specialists were called in consultation, but the condition of the patient soon became so weakened that it was impossible to overcome the ravishes of disease, and she passed away Saturday at the above time.

Mrs. Stephens was widely and favorably known in Monessen and about Fayette City, the former home of the family. She was devoted to her home and was a kind and affectionate wife and mother.

About ten years ago the family moved here from Fayette City and Mr. Stephens engaged in business. They have since resided in the town.

The husband, Louis Stephens, and two sons, Robert G. and William R. survive. Funeral services will be held this evening at 8 o'clock at the home of William R. Stephens, 623 McKee avenue by Rev. A. H. Davies, pastor of the M. E. church of which congregation the deceased was a member. The remains will be taken to Little Redstone Tuesday morning and services will be held in the church at that place at 11 o'clock, after which interment will be made in the Little Redstone cemetery.

Three Prisoners In Court This Morning

Victor Frieberg was given a hearing before Burgess Dale this morning, charged with disorderly conduct and fighting. He had struck Gus Goldstrom on the head and cut a big gash above the eye. Goldstrom he claimed, threw a bottle at him. Frieberg was fined $2.00 and costs, amounting in all to $5 00 which he paid.

Joe Coupla, aged 52 years, was charged with being drunk and fighting. He plead guilty to being drunk but said he was too old to fight. The burgess imposed a fine of $1.00 and costs, but the prisoner was unable to pay and had to serve out his time.

Oscar Ech was fined $2.00 and costs on a charge of drunkenness. He paid the price.

Geo. Gliffs and August Ketchen were fined $2.00 and costs each for fighting on Schoonmaker avenue in front of a coffee house.

Knight Announces

A. J. Knight, member of council from the First ward, is the first to break the silence and plunge into the councilmanic contest. Mr. Knight announces that he is a candidate for the Republican nomination for the four year term. Two years ago he was elected with the highest vote of any candidate in his ward, but lost the long term through the tossing of a coin, the method adopted by the County Commissioners for determining who should have the long term.

Mr. Knight as a member of council has been fair and reasonable on all public questions, and has given considerable of his time for the transaction of public business. His experience of the past two years has given him an insight into the town's affairs and he promises if nominated and elected, to put forth his best talents for a business administration. Mr. Knight seeks the support of the voters of his ward.

Out For Judge

Attorney George B. Shaw, of Greensburg, filed his nomination papers as a candidate for Judge of the Common Pleas court of Westmoreland county at Harrisburg, Friday. Attorney Shaw is the first candidate to file his papers for the coming primaries. Tuesday, August 24 is the last day for filing papers in Harrisburg.

Birthday Party For Little Girl

A very delightful birthday party was tendered Eva Corter on the occasion of her sixth anniversary Friday evening at the home of her parents, Mr. and Mrs. Samuel Corter, 358 Schoonmaker avenue. The affair was attended by nearly half a hundred friends and neighbors of the little girl and it proved to be a happy and memorable affair. Music, games and chat furnished the diversions of the evening and many useful and ornamental gifts were received. A delightful lunch was served at the conclusion of the festivities and the charming little hostess was wished abundance of happiness throughout life. Those present were:

Three Aspirants For Place On School Board

The local political pot is beginning to simer. This issue brings the first announcements for school director. There are three school directors to be chosen this year, two for six year terms and one for a two year term. All are elected at large. Frank H. Shutterly and Jos. W. Cadwallader, two of the present incumbents, aspire to the six year terms, and Geo. Wheatley is a candidate for the two year term. There is practically a unanimous sentiment prevailing that the affairs of the school district have been well taken care of and that the men who compose the board have the interests of the schools at heart and who give the very best they have to the direction of this important department of our civic life. It would only be natural then to suppose that there will be very little contest for a place on the school board when all of the present aspirants to the office have served on the board and are familiar with the school affairs. In presenting their names before the voters, these candidates do so with the firm conviction that they have always put forth their best efforts to serve the people faithfully and well and to advance Monessen's scholars to the highest degree of efficiency.

New Overland

The six cylinder Overland just announced gives the Willys-Overland company what is probably the greatest selling combination of cars ever produced in one single season by a single manufacturer.

In June the Overland announced a four cylinder touring car for $750. The influx of orders covering this model alone has been the greatest in the history of the Toledo concern.

Four weeks ago the Willys-Knight car was announced for $1095. This is the lowest priced sleeve-valve motored car ever put on the market by any manufacturer in this country or abroad.

With the announcement of the "Six" at $1145, the Overland has completed a trio of models which to all intents and purposes practically blankets the moderate price market. This latest addition to the Overland family is known as Model 86.

The remarkably low price for so big a seven passenger touring car is the direct result of the quantity production methods now in vogue at the

Little Talks on Health and Hygiene by Samuel G. Dixon, M. D. LL. D., Commissioner of Health

DEGENERATIVE DISEASES

Benjamin Franklin said: "Nine men in ten are suicides."

The indifference of individuals to their continued personal welfare which inspired this remark one hundred and sixty nine years ago applies equally today. Conditions have changed in many ways and some of them are less beneficial for the individual.

Carefully accumulated statistics show that there has in all probability been a steady increase in Bright's Disease and other degenerative diseases incidental to advancing age, within the past years. Certainly the number of deaths from this cause is sufficiently high to warrant the serious consideration of every individual advancing toward middle life. Of course everyone now-a-days is familiar with the doctrine of fresh air exercise and simplicity of diet, etc, which makes up the creed of the sanitarian.

Few are willing to go to the fancied discomfort of denying themselves the pleasure of eating, drinking or indolent ease They are perfectly aware to be sure that indulgence is unwise. They have been warned by other people's experience and not improbably have been admonished by their medical adviser as to the evil effects of certain favorite indulgences. But the fact that a single gratification of their weakness is not likely to be accompanied by any of the forecasted ill effects seems to lead the majority of people on regardless of the ultimate accounting which nature is certain to demand. The way of least resistance seems to be the popular path.

Probably every individual will admit to himself that he is running a risk and that the ultimate outcome will probably prove serious Nevertheless continue he will and so there is more than a modicum of truth in what Poor Richard said.

Self denial and temperance may seem Spartan virtues to the self indulgent, but they are worth cultivating if one would challenge Father Time and his grim companion.

HAVE SUFFS GONE CRAZY?

"Anti" Leader Flays Feminists For Alleged Insults to Manhood.

QUOTES WAR CORRESPONDENT

Says Cause Complains of Army, Navy and Declaration of Independence.

By MRS. JOHN B. HERON,

Vice President, National Association Opposed to Woman Suffrage.

Since the writing of the Declaration of Independence by Thomas Jefferson, in 1776, two notorious attempts have been made to parody it. The first was executed at the earliest "woman's rights" convention at Seneca Falls, N. Y., in 1848.

The historic document our country honors has never pleased the suffragists. The parody of it they wrote in 1848 was an atrocity. Years ago, Susan B. Anthony attempted to read this parody in Independence Hall, Philadelphia, but was prevented by the authorities. Afterwards it was read in the adjoining square. But now the suffragists have become so tired of their old "Declaration of Sentiments" that they have just brought out another.

Their official organ now blazes "A Modern Declaration of Independence," quoting Jefferson almost verbatim at first, with the exception of adding "and women," which was probably suggested by the recent cartoon in Life."

But finally it rings in severe indictments against the United States government, the first two of which are these:

"It has raised armies and navies without our consent."

"It has declared war without our sanction."

"Have They Gone Crazy?"

The ridiculous nature of this farfetched complaint at this time makes one question the sanity of the suffragists. Have they gone crazy?

The extent to which they will go in condemning the army and navy at this critical period in our history is a good indication of their unfitness to have a vote in the grave problems of government.

But to prove that patriotism, love of country, manliness, courage and honor are dead in the male sex, here comes their arch pacificist, Miss Jane Addams, trying to tell us that the men fighting in Europe have to be doped and drunk to go into battle—in spite of the fact that she ought to know that liquor is barred on both firing lines, from the Channel to the Alps and from the Baltic to the Balkans.

Insult to Brave Men.

Richard Harding Davis, world's greatest war correspondent, calls her charge an insult, "flung by a complacent and self-satisfied woman at men who gave their lives for men."

Mr. Davis is right in believing that with him "are those men and women who respect courage and honor." He says of Miss Addams' charge:

"Miss Addams desires peace. So does everyone else. But she will not attain it by misrepresentation. I have seen more of this war and other wars than Miss Addams, and where Miss Addams can furnish one argument in favor of peace I can furnish a hundred.

"In my opinion, since the war began, no statement has been so unworthy, so untrue and so ridiculous.

"Miss Addams denies him (the soldier) the credit of his sacrifice. She strips him of honor and courage. She tells his children, 'Your father did not die for France, for England or for you; he died because he was drunk.' The contempt it shows for the memory of the dead is appalling; the credulity and ignorance it displays are inconceivable."

Time to Examine Agitators.

When a war correspondent of Mr Davis' standing feels so strongly on this subject that he must accuse the foremost advocate of woman suffrage and "peace at-any-price" in this country, of misrepresentation, it is time for the general public to examine the mental processes of some of these suffrage agitators.

The "antis" have never held women inferior to men. We have always insisted that one of the proofs of woman's equality of intelligence is the fact that the majority of normal women have enough common sense not to be misled by the misrepresentations and fallacious propaganda of the suffrage cause. It is no reflection on women to point out the crazy things that suffragists are doing. There are male agitators making fools of themselves as often as the women are over this question. The gentlemanly and tolerant male who told the suffragists that "all antis ought to be burned alive" was on a par with any suffragist in absolute folly.

"Consent" of Suffragists.

But the point is this: Are we as a nation going to permit a body of discontented females to pose in politics as the sole representatives of the normal, happy womanhood of this country? Are we going to submit our army and navy policy to a Board of Suffragettes who imagine all soldiers must be intoxicated before they will fight? Is a man like Thomas A Edison to be put under the supervision of a screaming suffrage agitator who must give "her consent" before he can help build a better navy?

Majority Opposed.

The overwhelming majority of the women of this whole country do not desire the franchise. They do not want to spend their time trying to check and cancel and outvote the suffragists. They want to be represented by capable, normal men—not misrepresented by hysterical, blind, misled woman suffragists. The general opposition to woman suffrage throughout this country is proved no better than by the present suffrage street canvassing campaign in San Francisco—where women have voted for nearly four years—to try to get up an alleged "woman voters" sentiment. It is proved again by the circulation in Colorado and other western states where women have voted for one or two generations of an editorial from a yellow journal in favor of "votes for women."

Mint of Money Behind Suffs.

With a mint of money behind their movement, the suffragists have deliberately undertaken the task of manufacturing public sentiment in favor of their agitation. Nothing is better indicative of its natural unpopularity than their present trial to get suffrage "indorsed" by women who have had the franchise for years — and know what it means.

With more money at their command than was ever available to a political party in a national election, the votes-for-women agitators hope to "put over" their bill this fall in the campaign states by the use of any argument or "stunt" they can conceive.

They care not how crazy it is, if it will get 'publicity'—notoriety—for their "cause."

The United States "has raised armies and navies without their consent'"

Thank God that it has.

And every woman in this nation whose father or husband fought for the preservation of this Union, every mother whose son is wearing or is willing to wear the uniform of the United States should this government ever find it necessary to defend itself, will resent with richard Harding Davis the "far-flung insult" to manhood that the suffragists have deliberately put out, not only to the brave men who lay down their lives for their country, but to our great original Declaration of Independence, written by Thomas Jefferson, one of the clearest thinking anti suffragists of all time.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, S. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSENG, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NO DIFFERENCE

The Proof is Here the Same as Everywhere

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief, and the proof is here in Monessen the same as everywhere. Monessen people have used Doan's and Monessen people recommend Doan's, the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous ills—fatal Bright's disease. Here's Monessen proof. Investigate it.

Mrs J. Feightner, 133 Oneida street, Monesen, says: "I suffered from severe pains in my left side and across my back. I often had dizzy spells and my appetite was poor. I used Doan's Kidney Pills, procured at the Hirsch Drug Co., although I had but little faith in them. I am very glad that I did, for they did me a world of good. I highly recommend Doan's Kidney Pills to anyone suffering from kidney disorders."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Feightner had. Foster-Milburn Co., Buffalo, N. Y.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

NEW OVERLAND

(continued from first page)

Overland factory. The extensive manufacturing facilities of the Toledo concern enables them to put the maximum of quality and comfort in their product at a minimum price This applies particularly to the "Six" as this model is produced in the single body design only, which allows the company an extraordinary opportunity for complete standardization.

The exterior of the car denotes character and stability in every line. The long, sweeping curves of the steamline body give it grace and poise that is usually found in cars selling at a much higher price. From the radiator to the full belled tonneau back, there is not a break in the design to mar the natural contour of the body.

The long wheelbase of 125 inches adds much to the easy riding qualities of the car. The exceptional length will be appreciated by anyone who has experienced the pleasure of touring in a car of ample wheelbase.

German Colors.

The German flag would be a rainbow if it included all the colors of the various kingdoms, principalities or states of the German empire. The black and white and the eagle in the German flag are Prussian, and in the staff head corner is the canton, black, white and red representative of the North German confederacy, which was established in 1867 The colors of Bavaria are blue and white. Hanover, yellow and white, Saxony, white and green; Wurttemburg, black and red; Mecklenburg-Strelitz, red and yellow and blue, Brunswick, blue and yellow; Saxe-Coburg Gotha, green and white; Schaumburg-Lippe, blue, red and white. The colors of Waldeck are black, red and yellow; Pomerania, blue and white; Baden, red and yellow, Hesse, red and white; Hanover, yellow and white.—Washington Star

Light and the Skin.

When rays of light fall upon the skin of our bodies, which is translucent, the greater part of them are arrested, some by one layer of the skin, some by another, and still others are not stopped until they have penetrated the subcutaneous tissues. This arrest of the light rays produces radiant heat which has a higher penetrating power than convection heat as generated by a hot water bag or poultice, for instance

E C Titus in an address before the Illuminating Engineering society said that such heat penetrated two inches or more, while convection heat was excited principally on the surface.

This is why electric light baths and sun baths are so stimulating to the organs of elimination, especially the skin and kidneys, and so beneficial in so many diseases.—New York World.

TY COBB A SOLDIER (?)

Not Yet, But Tyrus Is a Shriner and Shooter.

By Garrett Bonfield.

Tyrus Raymond Cobb, who swats .400 on the diamond, has a reputation as an .800 field shot.

TY COBB
Detroit Tiger Player.

Knowledge of this fact reached the Quaker City fans, so Ty was recently summoned to appear before the assembled multitude at the Athletic grounds, Philadelphia, and was presented with a handsome double barreled shotgun.

Lest there be any thought that Ty has enlisted, let it be explained that his military 'ike cap is in reality a Shriner's fez, for the redoubtable swat artist is a member of the Mystic Shrine, and the ornate lid was placed on Ty's head for the shootin'-iron presentation when Potentate W. Freeland Kendrick, of Lu Lu Shrine, Philadelphia, said a few nice things about Ty when the gun was handed to the Tiger in the name of "Philadelphia friends."

When ball playing days are over for 1915, Tyrus Raymond will bie himself to his sunny Dixie Land, and in company with Stallings, "the miracle man" manager of the "World's Champion" Boston team, will try his hand at quail shooting.

Ty has done some trapshooting, and we are told he will likely go in for the inanimate "bird" sport after he has killed off most of the quail south of the Mason and Dixon line.

DOUBLE CROSS FOR CLAY BIRD CONSERVATION HELP

We offer the suggestion that there be founded the "Order of the Double-Cross," membership therein to be restricted to "birds" of the genus "clay pigeon,' for it is "theirs not to reason why, theirs but to do and die." Now this doin' and diein', while primarily for the pleasure of some half million trapshooters, incidentally, lets gunners get a perfectly natural desire to shoot out of their systems without making the feathered creatures of wood and field victims of the skill of the shooters.

Aside from sentimental considerations, the protection of bird life is an economic question of greater importance than is generally realized

Unfortunately for the country, and equally so for the clay pigeon, it is not an insectivorous "bird," nor is it a songster, at least not so you would notice it. But, as we have intimated, the "birdie" faces fusillades of shot gun fire with utter abandon; a willing sacrifice to man's desire to demonstrate his prowess as a marksman.

In flocks of millions, the "clay bird" challenges the shooter to pit his skill against the speed of the target and its predilection to be where the shot is not and leaves the gunman the poor consolation of having punched a hole in the atmosphere at a cost of several cents per punch.

True, many trapshooters continue, in season, to follow the legitimate and royal sport of hunting, but a sportsman of the type that will shoot fifty to one hundred shells every Saturday throughout the year, just for the joy of shooting, is not the withered-souled and greedy-eyed individual who would "bag" all the game of a county during both "open" and "closed" seasons And, too, the trapshooter, believing in sport for sport's sake, would sic a game warden on the aforesaid g i and w s individual the minute he was caught with the goods.

Other hunters have forsaken field shooting for "the sport alluring," finding in the inanimate-target game a satisfying substitute, without combats with brambic bushes, wading of swamps or marshes and a spell of "rheumatiz" that lasts from the end of one hunting season till just before the opening of the next.

"Jack" Fanning, "the Manhattan shooting star" has earned the thanks of thousands of trapshooters by preparing a "foolproof" set of "safety first" rules and regulations for gun clubs.
